

PLAN NOW TO ATTEND THE NEW

This show has nearly doubled in size after it's first year.

This year's event has expanded to the Grand North Hall. More Exhibitors and more than twice the machinery.

Thank You for your support.

A NEW Time of Year.
A NEW Facility. A NEW Focus.

April 21-22, 2009

At the NEW Bayfront Convention Center in Erie, PA

Participating dealers and suppliers from the tri-state area have come together to display the best selection of equipment to appear in Erie in years. This new emphasis is aimed at area businesses seeking the equipment they need to remain competitive in today's advanced manufacturing arena.

The time you take to attend is at a premium. We know that. So, we have streamlined everything to make the most of your visit. You will see machinery, tooling, and design tools which will make you more productive. Additionally, you will meet suppliers and representatives who specialize in helping you achieve the most of their products and their effective implementation in your manufacturing process. Simply put, the time you spend to attend is one of the best investments you can make.

These suppliers have an investment too. Theirs is both time AND money. The machinery manufacturers and dealers are working equally hard to keep you productive. Advanced Manufacturing means things like more efficient controls, better tooling and more powerful machines. It means learning the best techniques and how to apply them. Nothing beats the one on one contact of a trade show to gather and exchange this information. Please join us.

Tue. 10am-8pm • Wed. 10am-6pm

THE TOOLS YOU NEED TO **DESIGN, BUILD & MAINTAIN**

See Machine Tools, Cutting Tools, Tool & Die Supplies, Inspection and Measurement Equipment, Grinders, EDM Machines, Drills, Supplies, Steels, Cutting Fluids, Mold Components and much more.

Meet Exhibitors from the tri-state area in ERIE'S NEW SHOW HALL. It is easy to get to, provides ample FREE PARKING, and lends itself to maximizing your time and attending experience. Get answers. Find Suppliers. Attend Seminars. Make the most of your time and travel by attending this NEW event.

Erie **TOOLSHOW**

THE Machinery and Tools Exposition
Focusing on Advanced Manufacturing

A **NEW** Time of Year. A **NEW** Facility. A **NEW** Focus.

April 21-22, 2009

Held at the NEW Bayfront Convention Center • Erie, PA

A Strategically Focused Trade Show For Manufacturers In The Tri-State Area.

ERIE TOOL SHOW
P.O. Box 29 • Edinboro, PA 16412

A Tradeshow is the best way to make efficient use of everyone's time.

The time you take to attend our tradeshow is valuable, and we respect it. This is the reason we produce an event geared strictly to companies such as yours. This show is designed to attract businesses from the tri-state area who design and build products and work hard to stay competitive.

The Bayfront Convention Center in Erie is the ideal location to attract industry leaders from Cleveland, Buffalo, Pittsburgh, central PA and beyond. This area is our home and remains one of the best manufacturing areas in the country.

The support of your attendance is the reward Exhibitors seek. A chance to demonstrate the advancements in machinery, tooling and more, which can make you more productive and competitive.
